**Performance Equine Vets**

**2015 Reproductive Pricing**

**Package Options:** Clients can still choose a la carte breeding if desired (choices must be made in advance). These per cycle packages allow the veterinarian the flexibility to follow your mare closely through her heat period, providing optimal timing of insemination, while minimizing unforeseen expenses. Packages are available for mares bred at the clinic only. All breeding performed at the farm will be done under itemized pricing.

**Fresh Cooled Semen Package \$350.00 Includes:**

Uterine culture and sensitivity, and uterine cytology.  
 Medications to adjust cycle and encourage timely ovulation.  
 Ultrasound examinations: daily, or as often as needed, to determine follicle progression and optimal timing of insemination.  
 Ordering of shipped semen from stud farm.  
 Artificial Insemination: once or more as needed.  
 Shipped semen container return (postage to be paid by client).  
 14-16 day Pregnancy Check at our facility.

**Frozen Semen Package \$650.00 Includes:**

Uterine culture and sensitivity and uterine cytology.  
 Medications to adjust cycle and encourage timely ovulation.  
 Ultrasound examinations: daily, or as often as needed, to determine follicle progression and optimal timing of insemination.  
 Ordering of shipped semen from stud farm.  
 Artificial Insemination: once or more as needed.  
 Post insemination uterine flush.  
 Frozen semen container return (postage to be paid by client).  
 14-16 day Pregnancy Check at our facility.

**Additional Services Available (at additional cost):**

Non-routine hormone treatments (price varies).  
 Uterine treatment 5 days (lavage, antibiotics, etc.) \$375-\$950.00 (price varies- this is an estimate only).  
 Boarding is \$30.00/day.  
 Caslix Procedure \$35.00 (\$70.00 if sedation is required).  
 Embryo Reduction (if twins) ~\$150.00 includes sedation).  
 Pregnancy check after 16 day check \$45.00  
 Office work for preparation of Paperwork (ie Import/Export/Registration) \$25.00/hour  
 \*\*\*After hours and weekend reproduction ultrasounds and treatments may incur an after hours fee for a la carte and package options.

### **Storage Fees:**

Frozen Semen Storage Monthly (up to 25 units)	\$22.50 per mth/
Frozen Semen Storage Monthly (26 to 50 units)	\$30.00 per mth/
Frozen Semen Storage Monthly (51 to 100 units)	\$45.00 per mth/
Frozen Semen Storage Monthly (each additional 25 units)	\$15.00 per mth/

*In our laboratory, semen is stored in canisters within one or more liquid nitrogen tanks. Each individual section within a canister will hold 25 units of frozen semen. 1 unit = One 5.0 ml or 4.0 ml straw or Ten 0.5 ml straws. The fees for storage are therefore based on increments of 25 units per stallion. Volume discounts have been applied. A minimum monthly billing of \$20 has been established to offset accounting and billing costs. Storage accounts must be paid in full prior to distribution of the frozen semen.*

*Straw numbers will be recalculated at the beginning of each billing period. If your straw numbers are reduced during the billing period and you have paid in full, a refund will not be made.*

*\*Insurance for your frozen semen is the responsibility of the owner.*

### **Embryo Transfer**

Embryo Flush	\$500.00
Pregnancy Fee	\$2500.00
Transfer Fee (both in house and shipped embryos)	\$250.00
Freezing Embryo	\$350.00
